

Hello Summer Faculty,

The Office of Information Technology (OIT) is pleased to share the following reminders for after the migration weekend, 6:00 PM, Friday, June 14 through 6:00 AM, Monday, June 17.

Please remind your students that on Monday, June 17, 2019, they will need to use their [STARID@GO.MINNSTATE.EDU](mailto:STARID@GO.MINNSTATE.EDU) (and StarID password) to access their college-provided email account. (Login credentials to D2L or eServices remain unchanged.)

Student can access this information by:

- Entering "login.microsoft.com" in the address bar of their browser OR
  - <http://www.anokaramsey.edu> → Navigate to Current Students → Email
  - <http://www.anokatech.edu> → Click on Student Email

**If they forward their college-provided email account to their personal account, they will need to reset their forwarding rule.** For more information regarding these steps, students can visit the Student Quick Reference guides (on the right panel) on either [HTTPS://ARCCTECHNEWS.COM](https://arcctechnews.com) OR [HTTPS://ATCTECHNEWS.COM](https://atctechnews.com) sites. Visit the FAQ sites for pre-, during, and post-migration information.

To learn more about default email addresses, visit <https://starid.minnstate.edu> → Office 365 Contact.

Thank you for your participation and collaboration!
